

Diamond Foods is proud to share our resources with local, nonprofit community organizations by providing financial contributions, in-kind products and services and volunteer support.

What We Fund and Support

To help maintain a consistent focus for company giving, we've identified the following two charitable priorities that best fit the intersection of our company mission ("By honoring nature's ingredients we make food people love"), values, interests of our consumers and the market categories we serve. Preference is made toward organizations that focus on the following areas: **Hunger Relief** (local food banks, after school/school lunch programs) and **Environmental Conservation** (organizations that protect the environment, natural habitats, etc).

If you are a verified 501(c)(3) nonprofit organization that aligns with our charitable priorities, please email your request to charitablecontributions@diamondfoods.com. Please allow six weeks for a response. Keep in mind that each year we may receive hundreds of requests from organizations seeking product donations. Diamond Foods cannot guarantee that specific products or brand of product will be available for an in-kind donation.

Diamond Foods will not support organizations that discriminate on the basis of age, sex, race, religion, national origin, sexual orientation or disability with respect to employment, volunteer participation or the provision of services.
