

Quality Assurance Supervisor

Diamond Foods, Inc., an IPO company, seeks a Swing Shift Quality Assurance Supervisor for its Stockton, California facility. Diamond is a \$500M branded Food Company and leading domestic and international marketer of culinary and snack nuts.

The minimum qualifications for this position is a Bachelors degree in Science, (Biology and/or Chemistry), Business, or other related field, with at least 2+ years of demonstrated experience in food manufacturing; or the equivalent combination of education, training and experience from which comparable skills can be acquired. Candidate must be self-directed, highly motivated, eager, very creative, have strong communication skills, and proven ability to follow through on projects and tasks. Must be able to provide a high level of customer service as well as to handle many support applications.

Primary skills:

- Knowledge of GMPs
- Ability to communicate effectively with quality employees, other supervisors, and management
- Knowledge of SOPs (Standard Operating Procedures)
- Knowledge of SQC or SPC - Statistical Quality (or Process) Control
- Ability to follow and understand HACCP flowcharts and concepts
- Ability to write reports, SOPs and procedure manuals
- Proficiency with MS Office (Outlook, Word, Excel, and PowerPoint).
- Candidate must have the ability to multi-task and be detailed oriented as well as working in a team environment.
- Candidate should also be performance and goal oriented, and must have a high professional demeanor and appearance.

We offer competitive compensation, including bonus, ESPP and an excellent benefit package.
